But the grand manner belonged to Hearst. His impact on the profession was far greater than all the rest combined. He showed the way to make newspapers financially independent. He turned out a superior printed product. And he brought high wages to a profession that existed at a starvation level be-

fore his coming.

Hearst had his critics. But they weren't those who worked for him -and Time treated him kindly on some of his editorial positions. He was one of the first to suspect Russian Communism. His rabid 'America First' policy got him into déep public disfavor for many years-but events turned his way, and when he died at 88 yesterday his name and his business were at a peak.

# A good sign to go"by!

THIS shining emblem "GMC" is the spar-L kling sign of the fastest growing line of trucks in the land-with sales growth unmatched this year by any other manufacturer. The reasons for this are sound ones.

For in the chassis of a GMC you find "long. time, stay-with" stamina-truck-building that dares comparison with anything on the roads today.

Under the GMC hood you find real powerthe kind of truck-built power it takes to keep goods moving year after year. Whether it's a nimble 1/2. to 2-tonner with horsepower unsurpassed in its class, or the fabulous two-

cycle Diesel which is outselling, outperform. ing every other make - a GMC puts more "go" to the load!

And in the cabs-drivers who work in comfort and safety. They have the look of men who know their truck will get the job done quicker. and better.

You'll feel the same way when you try a GMC yourself. Come in - compare the facts, the features, the way they haul. Listen to the savings talk.

Get a real truck!

You'll do better on a used truck with your GMC dealer
